

AMW 2518 TP makes quarrying and construction work easier to handle.

AMW 2518 TP 

176 HP 5.9 LTR. ENGINE

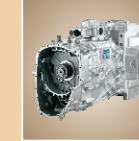

Powered by India's most preferred engine - 24 Valves BSIII compliant engine that provides faster acceleration, better pick up and unmatched fuel efficiency.

**NOW
500 HOUR
OIL SERVICE**

380 MM CERAMIC CLUTCH

Superior durability and longer life as compared to conventional organic-lining clutch.

HEAVY DUTY EATON GEARBOX

World renowned gearbox with class leading torque rating of 900 Nm for superior pulling power. Also, special lining on synchronizer for enhanced life and smooth shifting.

HEAVY DUTY AXLES

Performance-proven axles, which are highly durable.

BELL CRANK SUSPENSION

Gives the benefits of both lower initial investment and optimum vehicle weight.

BEST-IN-CLASS GRADABILITY

High first gear ratio of 9.01 that ensures unbeatable gradability of 26%.

WIDER RANGE OF LOAD BODY OPTIONS

Factory-made body with 14 or 16 CuM box body option for multiple applications.

HIGHER PAYLOAD – MORE LOAD PER TRIP

Significantly reduced empty weight through optimised engineering, which allows higher payload and extra earnings per trip.

TOP SPEED – 78 KMPH

Best-in-class speed that assures faster turnaround and improved productivity.

COMFORTABLE & SAFE CABIN

With optional AC and fully furnished cabin with sleeper facility, it gives the owner more productive and the driver more comfort.
